East of the Smoky

United Church At DeBolt Holds Its Annual Meeting

DEBOLT, Feb. 12.—The Rev. Stanley H. Hunt, B.D., of Clairmont made another of his monthly trips to DeBolt on Wednesday night, February 12, to hold his usual night service. This was the annual meeting of the United Church of DeBolt, which was held at an early hour and had the church filled out and the fire going.

Mr. Hunt said he had been undecided whether to proceed on his way out, as the cold was an intense, and travelling by team was slow.

The meeting was opened with the singing of a hymn and prayer. Mr. Hunt described his trip to the capital city and the work of the United Church in Canada, and more especially the work and worth of the leaders and their earnest desire to see the church forward in the great work of Christianity.

Mrs. D. D. McArthur, secretary of the church trustees, read the minutes of the last annual meeting, which were found to be in order. A motion that the minutes be adopted as read was carried.

A summary of the present year's work was read, and the financial statement of the church was discussed at some length. A debt of approximately \$100 remains to be paid. However, it was pointed out that the Ladies Aid in connection with the church were working to the end of helping to remove the debt, and plans are under way for a sale and an Irish stew supper.

The ladies are meeting the interest on the loan at the present time and also purchasing sufficient lumber to complete the making of additional pews. Mr. S. J. Turner has kindly consented to build the pews.

Ways and means of raising the revenue of the church funds were viewed from all angles and it is hoped that the church will be able to meet its obligations.

Bronchitis—
Asthma Sufferers

GET QUICK RELIEF
Sleep Sound All Night Long

One of two doses of the famous BUCKLEY'S MIXTURE will relieve you of your cough, cold, or asthma. It is a powerful expectorant, often a few sips will clear your throat and soothe your inflamed lining. It is a powerful expectorant, often a few sips will clear your throat and soothe your inflamed lining.

WAKE UP YOUR
LIVER BILE—

And You'll Jump Out of Bed in the Morning

The liver should pour out two pounds of fluid into your blood every day. If it does not, you will feel tired, sluggish, and your stomach will be constipated. It is a powerful expectorant, often a few sips will clear your throat and soothe your inflamed lining.

A more healthful liver always gets at the cause. You need something that will get at the cause. You need something that will get at the cause.

pared the church envelope system will be tried out. It was pointed out that in order to have a student minister the church must be able to raise a certain amount of the necessary money, and the church trustees are hopeful that the people will rise to the occasion and make it possible for the district to have a student minister.

United Church in DeBolt has justified its existence and it is hoped all those who believe in its existence will come forward and lend a helping hand.

The report of the cemetery committee was very ably presented by Mr. G. Tilley, which showed much work was done and what was once a few acres of land and underwood had been cleared up, heaved out, plowed up and seeded down to clover and grasses. Graves are marked out, walks are laid out and the whole thing has been fenced and wired.

Mr. Tilley in presenting his report said it would not have been possible to accomplish all this had it not been for the kindness of the people who supplied the wire, fence, plows and the grass seeds, and on behalf of the United Church cemetery committee he wished to thank each and everyone of them.

It was moved by W. G. Given and seconded by Mr. G. Tilley that Mr. Tilley's report be accepted and a hearty vote of thanks accorded to him for his work and good cooperation. The matter of election of trustees for the year commencing on February 1st was moved and seconded that owing to the fact very few people were out this year the election be left over until next year.

Mr. Hunt intimated he would be out again on February 25th, and would proceed with the election. It is hoped the weather will be somewhat milder and good congregation should be on hand.

Mr. Hunt asked that a representative from the DeBolt church should attend the next Presbytery meeting in Grande Prairie. Some such arrangement may be made next meeting.

The financial report of Mr. Kline, secretary for the last year, was submitted and ordered filed for future reference. A social hour was then enjoyed.

LEGION HOLDS REGULAR MONTHLY MEETING

The East of the Smoky Branch of the British Empire Service League held their regular monthly meeting in the club house on Saturday night, February 6.

The secretary reported that he had received a receipt from the provincial secretary for the amount of per capita tax due to the command.

The secretary is anxious to know if there are any members in the community suffering from tuberculosis, as the command in Calgary is anxious to get in touch with such men. The local branch has the necessary forms, and any suffering from tuberculosis are asked to get in touch with the secretary.

The members accepted the invitation of Comrade W. G. Given and Mrs. Given to meet at their home for their next night of meeting, which will be held on the first Saturday in March. The meeting will take place about 8 p.m. It is hoped there will be a good turnout of members and their wives.

After the general routine of business had been gone through the members were entertained to refreshments and cake provided by the members of the Ladies Auxiliary.

The Ladies had as their guests a few members of the Boy Scouts, who

had gathered for a meeting but, as so often has happened in the past, there was no meeting for them.

Mr. J. E. Thompson, chairman of the committee, will be returning here to keep the next meeting in mind. Application forms are always on hand, and the committee will be glad to be approached.

Our grace period for dues closes in March, and all outstanding dues should be paid before that time. Will the members please remember this, and in their outstanding dues so as to meet the request of the provincial secretary and paying of per capita tax.

LEGACY OATS IN THE
PEACE RIVER DISTRICT

By E. C. Stacey

Domestic Experimental Sub-Station,
Beaverlodge, Alberta.

(Experimental Note)

As agriculture has progressed northward, settlers have taken with them wheat and wheat, but the old varieties of oats have been left behind. For the most part these varieties have proven rather inferior and are usually of low yield. It is therefore of great importance to correct this condition early maturing varieties have been bred or introduced.

At the Peace River Sub-Station, long been regarded as standard varieties. Many have been growing them for several years without much thought of their adaptability, but harvest conditions of the past few seasons have made a number stop to think. Early maturing varieties are undoubtedly better adapted to the Peace River area. What discount, then must we allow for early ripening?

At the Peace River Sub-Station, in the heart of the prize-winning out-growing Alberta Peace River district, fully seventy varieties of strains of oats have been investigated within the last six years. The results have shown that the variety of oats has been the pick of early maturing varieties and that a considerable number of the best of the early maturing varieties have been found to be of the Central Experimental Farm, Ottawa. This variety has averaged five days earlier than Banner and six days earlier than Victory since it was first tested in 1922. In at least three of the years tested, the yield has been considerably greater. The average yield of Banner in eleven years was slightly exceeded that of Victory and it is within five bushels of Banner.

Legacy in performance is some way off from Banner, but it is a safe crop. Its straw is never coarse and usually stands up well. The kernel is large and plump, and it ripens early. It is a variety that farmers have come to prefer to it. It is a variety that farmers have come to prefer to it. It is a variety that farmers have come to prefer to it.

Legacy is not so perfect as some of the other varieties, but it is a safe crop. Its straw is never coarse and usually stands up well. The kernel is large and plump, and it ripens early. It is a variety that farmers have come to prefer to it.

Mr. Thompson stated that the time had come when the various organizations in the Peace River should get together and decide what one of the companies should be the other out.

Continuing, the speaker said that some were asking, "Why ask for a highway and not a railway?" In answering this, Mr. McNaught said that railways usually follow the building of highways and why not get a highway first when there is a chance of getting it. "We can go a long way through our own efforts in getting a highway and do very little in getting a railway," Mr. McNaught said.

In closing the speaker observed that unit of action was necessary and the Association which he represented was trying to inform the people of the advantages that would be gained by construction of the road in order to get the necessary unified opinion back of the project.

Arthur Smith, who was next introduced at the outset of his remarks said that Mr. McNaught had covered the question quite fully, but he was surprised that he, being an eligible bachelor, had failed to mention the splendid banquet supplied by the ladies of the church.

Mr. Smith referred to the large number of ladies that were present, by the association, and up to the present the speakers had met with no opposition to the project.

As distance is the deciding factor, Mr. Smith pointed out that it was only 122 miles to the British Columbia road on the Alberta side to a point to connect up with the British Columbia highway.

With the aid of a map Mr. Smith described the topography of the route, stressing the fact that there were no engineering difficulties and the road therefore could be constructed at a minimum of cost.

As nine-tenths of the proposed road is in British Columbia, he was absolutely necessary that the people on the Alberta side be united before presenting a petition to the British Columbia government.

Mr. Smith re-emphasized the efforts it had put forth in the interest of the project, and said that it was a wonderful thing, but there was not much chance of getting it.

Alan D. Harris, who was the spokesman for the other representative, said that he did not think he could add anything to what had already been said.

D. W. Patterson, said that he was confident that the Grande Prairie Board of Trade would get back of the project.

On motion it was decided to have the meeting over to the next meeting of the Board of Trade to discuss with the Flying Club Matters.

J. W. Neil, president of the Grande Prairie Flying Club, was called to the front of the hall and answered several questions in connection with the building of the Flying Club and the club.

G. D. Harris, who was the spokesman for the other representative, said that he did not think he could add anything to what had already been said.

Referring to the accomplishments of the club, he pointed out that there were twenty-two members who were working on the road, and that the club had been very busy since the last meeting.

Mr. Harris drew attention to the fact that it is possible to get an article of the club, which is being rebuilt for \$200. He believed that the Flying Club should get every support and suggested that the collection of the money for the club be continued.

Mr. Neil made it quite clear that people would not be allowed to join the club unless they were able to join the British Air Force.

Radio Interference

G. D. Harris next had something to say on radio interference. He then pointed out that there was already an amateur radio station in the town.

As to the proper route, said Mr. McNaught, was very important for if built in the wrong place it might prove to be a detriment rather than a benefit.

He explained that the proposed road would be built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Referring to the interests of the town, he pointed out that the road could be built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Mr. McNaught observed that if the road was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Another possibility was that the Mainland Peace Highway was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Mr. McNaught observed that if the road was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Another possibility was that the Mainland Peace Highway was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Mr. McNaught observed that if the road was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Another possibility was that the Mainland Peace Highway was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Mr. McNaught observed that if the road was built to connect with the Mainland Peace Highway and that it would be built to connect with the Mainland Peace Highway.

Grande Prairie, operated by H. A. Fowler, and with the addition of \$1,000 it could be made into a regular bus service. Mr. McNaught thought the Board of Trade should help Mr. Fowler in getting the necessary amount of money. Mr. McNaught said that he had already applied for a license.

W. C. Pratt, an old member of the board, said that he would do all in his power to see that the road was built. He was much interested in the Mainland Peace Highway project and suggested that the association get an appropriate road of building the road, so that they would have some definite plan to present to the British Columbia government.

FAUST NEWS

Sixty Men Now At Work In Sawmill South of Faust

FAUST, Feb. 18.—McLaren's Lumber Company has opened a logging camp in upper Swan River Valley. It is planned to drive the logs down the river next spring to the lake and then take them by boom to the sawmill at Faust.

Sixty men or more are employed by McLaren in the mill recently set up in their "limit" eight miles south of Faust, in the two shifts of ten hours each 40,000 feet of lumber is sawn. The lumber is brought out by truck and tractor and receives its finishing operation when and as orders are filled.

From Pelee Lake, north of Lesser Slave Lake, an airplane is flying the fish from the lake to the packing plant at Faust. Fish fly there!

Sickness that has been so rife in this area is now subsiding and all are feeling better. "Flu" and measles were the diseases.

PIPESTONE CREEK

THRESHERS HERE
PIPESTONE, Feb. 18.—Does it pay to serve meals for 25 cents? Not with a threshing crew on route to Husker's arrive at 6 p.m. having had no meals since 6 a.m. They are in a hurry for one dollar. Total cost for the following items: Three loaves bread, 2 1/2 lbs. butter, one pound butter, two tomatoes, one tin strawberry jam, Charlie Guthrie's who was responsible for the onslaught, dried the dishes. The terrible roads were responsible for the cost of the trip. Having taken twelve hours to come from Herb Ridge to Pipestone Creek, Mary outlie upset five or six times. Fortunately the weather was mild, but the bank-house got too warm and one man complained that he had hardly slept a wink.

HOSKER VILLAGE BUSY SPOT
A large crew is now busy at Hosker's, who have conceived the bright idea of hauling logs from their property on the steep banks of the Pipestone down the same creek to millulate near the ferry, thus avoiding the heavy uphill haul.

BIG SALE IN MARCH
Owing to the roads, a horse dealer bound for Pinto Creek will need a few teams. There are inquiries daily for horses and to satisfy this need the store is arranging to hold a sale of good work horses about the middle of March. Some residents are co-operating by offering their own four-year-old horses for sale. The sale will include a line of machinery, small tools, auto, and various other goods.

MRS. GEROW WINS QUILT
The Community Club dance at Millarston on Friday last was a huge success. The lucky and popular winner of the splendid quilt was Mrs. Archie Gerow. Mrs. Gerow in an interview said: "I was very pleased to get the lovely quilt. It does seem very remarkable to think that this is the only time I've ever gambled since I got married."

SQUIRRELS DYING
Mild weather and bright sunny days have been responsible for a very bad time for the squirrel. It does seem very remarkable to think that this is the only time I've ever gambled since I got married.

NEWS FLASHES
Harry Johnson is busy with a municipal contract for culvert timbers. Mrs. Caloun and Max Caloun were recent visitors. Messrs. Hodgson and MacAlister have secured the Millarston wood contract. Bill Schmidt is putting up ice.

APPLETON NEWS
APPLETON, Feb. 15.—Mrs. J. Dower was a visitor at the home of her brother, Dave McElwain, of Hudson, on Thursday last.

Mr. Art Terrell visited friends at Two Rivers last week-end.

Rev. Geo. A. Shields conducted United Church service at the school-house on Sunday last. There was a good attendance.

A number of the young folks intend to put on a play at the Community Club on March 5.

Miss Duke and the school children held a very enjoyable Valentine party on Thursday last.

While Barbara was waiting for a train to take her to the hospital, another of her classmates, Evelyn White, was also threatened with a similar attack. Her parents rushed her to the hospital where she was under the surveillance of Dr. Miller, who found that an operation would not be necessary.

Although sickness has played havoc with the play practice, the date has been set for March 8 and it is expected that the local boys will come to the theatre to see the play.

Although sickness has played havoc with the play practice, the date has been set for March 8 and it is expected that the local boys will come to the theatre to see the play.

NOVELTY DANCE BILLED FOR FEBRUARY 18

It was regrettable that the novelty dance advertised here for February 5 and 6 had to be postponed on rather short notice, but owing to the sickness and very poor road conditions there was no alternative. Every available source was used to notify everyone about the postponement, but we tender apologies to those who were disappointed.

However, with the weather man being a little more favorable and the situation in regard to sickness somewhat improved, we feel confident that the novelty dance, now billed for Friday, February 18, will not fall short of expectations. A fine assortment of novelty material has been obtained and all indications point towards a very fine evening.

PLAY TO BE STAGED MARCH 5
Although sickness has played havoc with the play practice, the date has been set for March 5 and it is expected that the local boys will come to the theatre to see the play.

BEEN HEARD

"Anyone seen my dog, Charley?" Howling was heard saying.

Cal. Dan, spending cash, but he didn't go far.

Mr. Vashall lost his sandwich and looking for another.

Mr. Platt busy hauling straw.

He still thinks it's warmer down south.

Trimmy hauling posts to the river.

Sam saying "I was head-punk at home."

Mr. Stinson wondering how he was going to get that extra gold anchor.

Cecil Dobson getting impatient for March 11. Won't be home now, Cecil.

VALHALLA CENTRE

INNER MISSION MEETS
VALHALLA CENTRE, Feb. 18.—On Sunday, February 14, the Norwegian Lutheran Inner-Mission met at the home of Mr. and Mrs. Rasmussen.

The program consisted of short speeches by several of the members, with a pleasant interpretation of church songs. About twenty people attended.

SCHOOL CLOSED
School last night closed to Mr. Ed. G. L. teacher, who was with the "flu." Between German measles and the "flu," school was closed for two days and school pupils all over the block have been confined either to bed or to stay indoors.

On February 26, a United Church house will be held in the United Church, after which these will be a social evening.

Beaver Lodge News

BEAVER LODGE HOCKEY TEAM LOSE TO DAWSON CREEK AT POUCE COUPE TOURNAMENT

Beaver Lodge puck chasers lost to Dawson Creek in the first game played in the tournament held at Pouce Coupe on Friday and Saturday of last week.

The game was hard fought and very close, the final score being 2 to 1. Hythe defeated Pouce Coupe but later lost to Dawson Creek, 4 to 2.

"Dunc" Dunn, who unfortunately had his chin cut when he fell on the ice, in discussing the tournament with The Tribune correspondent said, "Dawson Creek has certainly a well-balanced team."

He further stated that there was a possibility of both Pouce Coupe and Dawson Creek defeating Beaver Lodge in the home games.

The following composed the Beaver Lodge team: Goal: Girard, Leeson, De Nison, Neil Nasonid and Bert Sumner. Forward: Jim Harcourt, Alex Ousad, Lawrence Ousad, Hume, D. Dunn, M. Krasnow, and Earl McDonald.

COUNCIL TO MEET FEBRUARY 22
The first meeting of the new council will be held on Monday evening, February 22.

SCHOOL RE-OPENS
The Beaver Lodge School, which was closed on account of sickness, after the start and good progress for two weeks, re-opened on Monday with only a fair attendance, as there are still many sick and others just convalescent.

Including the high school, there are 130 on the roll.

DAY OF PRAYER
The Ladies Aid of Beaver Lodge United Church sponsored a day of prayer last week, services being held on Friday afternoon.

DONATES BEAUTIFUL QUILT
A beautiful quilt has been donated to the Women's Institute by Mrs. D. C. Magrath. It is a quilt of the hospital furnishings fund.

BOY SCOUTS ORGANIZED AT BEAVER LODGE PLAN A PROGRESSIVE PROGRAM

A branch of the Boy Scouts was recently organized at Beaver Lodge under the auspices of the Elks Lodge and will be known as "First Beaver Lodge Troop."

Mr. C. W. Rasmussen, who has had years of experience in the Scout movement, is the Scout master.

He planned to organize a pack of Wolf Cubs in conjunction with the Scouts.

Mrs. R. F. Cook of Grande Prairie is in town.

"Just Average Folks"

There are no mysterious "fifty big shots" crushing the debtors of Alberta.

The bond and mortgage holders of this Province are just average folks—just such neighbourly people as you deal with every day—people who have hoed their row successfully, put by a little savings from year to year and tried to invest these savings securely, thus creating nest eggs for their old age.

The \$382,000,000 invested by life insurance companies in city and farm mortgages in Canada are the savings of 3,300,000 policyholders. In the same way other hundreds of millions held in mortgages by loaning companies are the savings of scores of thousands of shareholders and debenture holders—\$70,000,000 of mortgage holdings of one such company alone representing the savings of between fifty and sixty thousand persons of average means.

In Canada, it is the people of such average means who provide the funds which are invested in bonds and mortgages in Alberta and other provinces.

This statement is one of a series written by The Mortgage Loans Association of the Province of Alberta. The Association is composed of 34 member companies. It represents hundreds of thousands of real investors in the province. Canadian citizens of Alberta amount to some forty-five million dollars.

(The seventh statement in this series will be published in two weeks.)

ALBERTA

will prosper if

Albertans purchase Alberta-made products.

Brewing is an important industry, yet few people realize what it means in the way of employment to hundreds of our people.

Beer is manufactured from the products of the farm. The growing of barley brings good revenue to those who till the soil.

ILLUSTRATED NEWS OF THE WEEK - A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURE

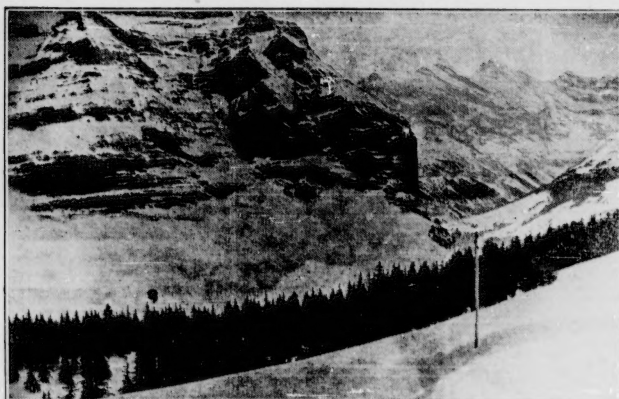

TERRORS OF FLOOD LEAVE REFUGEES DESOLATE

Exhausted by their struggle against the inexorable force of the flood, these refugees who were forced to flee for their lives when the St. Francis River went on a rampage in Arkansas rest from their ordeal in a building at the state fair grounds at Memphis.

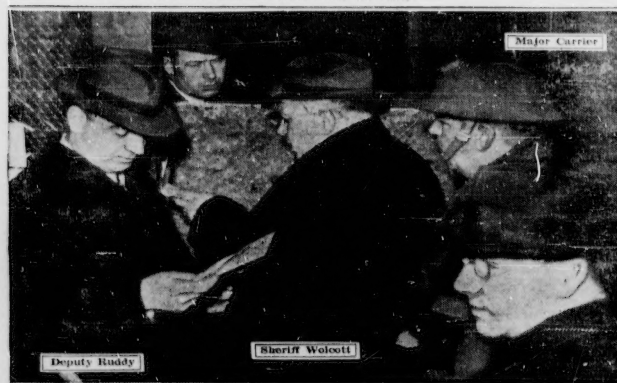

SOUTH OF ENGLAND ALSO SUFFERS FROM FLOODS

Although by no means as serious as the disastrous floods in the United States, the floods in the Thames Valley near London have caused much concern. This picture shows a "bungalow town" near Walton becoming submerged by the rising waters of Old Mother Thames.

AN AMAZING PICTURE OF A MOVING AVALANCHE

One of the biggest avalanches ever witnessed in the Bernese Oberland, and probably in all Switzerland, took place recently. There were fortunately no villages in its path and the only damage was to trees which were uprooted, but the backlash or fall of powdered snow and ice was felt as far away in the valley as Lauter Brunn. This photograph was taken as the avalanche ran down the Jungfrau. It can be seen on the left, cresting a little the valley.

SHERIFF READ INJUNCTION TO AUTO STRIKERS

When Sheriff Thomas Wolcott of Kent, Michigan, read an injunction to auto strikers to evacuate two plants which had been strike-bound since Christmas by the strike and Thursday of last week, he was forced to read the injunction from the outside of a barricade door above. He was accompanied by Deputy Gerald Ruddy, left, and Major Edward Carrier, right, national guard.

POPULAR FORWARD

Desilet, although a comparatively newcomer to N. H. I. circles, is doing very well with the Flying Frenchmen. He is popular with the fans and under Cecil Hart's tutelage he should go far in the major league.

BRIDE OF NINE WITH HER PARENTS

Despite the age of nine to marry a 22-year-old neighbor farm boy, Dorice Johns, whose mountain home is near Knoxville, Tennessee, bettered the record of both her mother, who was married at 10, and a sister who was married at 13. The nine-year-old bride is shown in the foreground of this group of her parents and sisters.

CHILD BRIDE PLANS CABIN HOME

Undisturbed by the future, aroused when their marriage was revealed, Charles Johns, 22, and his nine-year-old bride Dorice are going ahead with plans to build themselves a cabin home near Knoxville, Tenn. This new photograph was taken at the cabin of the bride's parents, where they spent their "honeymoon." Rev. Walter Lamb, next, was the mountain priest who performed the ceremony.

There was a summons call, a bird, and the two women were with one another during movements in which...

A first strike often will speak as much as 100 words a minute, according to estimates.

At a year old, the average child is said to have a vocabulary of seven words.

The treasury of the French emperor is said to be worth 1.1 million francs, or twenty million dollars.

It is estimated that the government of the United States has now issued a government guarantee, to farmers of 26¢ (60¢) per bushel of 250 pounds for the home-grown wheat crop of 1937-38 as against 25¢ (64¢) for the 1936-37 crop.

FAMOUS JUMPER AGAIN AMONG THE WINNERS

The Crawley Steeplechase at Clatwick saw Miss Dorothy Fawcett's "Golden Miller" and Mr. Mallon's "Dunmore Lad" finish in a dead-heat for first place. The two famous horses ("Golden Miller" on the left) are shown taking a fence in the finishing straight. "Golden Miller" is reputed to be one of the greatest jumpers of his day and is a former winner of the Grand National.

BABY PRINCESS ENJOYS THE SUNSHINE

The baby daughter born to the Duke and Duchess of Kent is taken for a walk by her nurse on one of the mild, bright mornings which have been experienced in London recently.

LATEST PHOTOGRAPH OF EGYPT'S KING

King Farouk of Egypt, who became King last April following the unexpected death of his father, King Fuad, is shown above watching a sporting event at Sohag, in upper Egypt. The young monarch is very popular with his subjects.

SUPPLIES ISSUED TO REFUGEES

Homeless and hungry, Cincinnati flood victims stand in line at an emergency relief station to receive their allotment of rations issued by the Red Cross.

Rhythm and Gaiety at the Curlers' Drag

Everything to make Bonspiel Week an enjoyable holiday for visitors and curlers has been planned. Many will take part in "the cousin game" and many more will watch with abated breath the clever shots thrown by so many expert curlers who have in other years vied for the jewelry while in between periods enjoying the super programme of Capitol Theatre attractions which have been luckily chosen for the week will bring the highest type of theatre entertainment to patrons. Among the most eagerly awaited events of the week will be the Curlers' Drag starting at 10:00 o'clock sharp Friday night with the Prairie Orchestra supplying lively music for the season's biggest dance. A happy get-together of curlers is the occasion of the feature banquet during the Bonspiel, to be held at 7:00 o'clock Thursday evening in the Speke Hall.

Merchants Join the Fun with Shopping Carnival of Values

Grande Prairie merchants and business men and, in fact, the whole town, will be in their most sociable holiday mood to warmly greet the curlers and visitors expected. Shopping in the many attractive stores, with windows bathed in brilliant lighting evenings, will be a regular carnival of fun with the wonderfully low prices offered on all values, among the attractive displays of merchandise a large line of new spring wear, ring apparel and furnishings being shown in the best, authentic styles for Spring and Easter, just a few weeks away. Restaurants have stored up for bonspielers a wonderful choice of appetite-quenching delicacies to be served in their best catering manner, while all the business men will do their utmost to make the week one long to be remembered. And you can't really go back home until you have seen the marvellous new 1937 streamlined automobiles, more economical than at any time in history for their economy on gas and operating expense, yet never before shown in such luxurious finishes and well-appointed roomy interiors. They're on display in dealers' showrooms.

This welcome sponsored and cordially extended to you by these Grande Prairie business men:

OPHTHOMETRIC OPTICIAN

JEWELRY WINNING CURLING DEMANDS GOOD VISION

It matters little whether you judge with utmost care the distance of your shot, the feel on the rock, or the lay of a ship's moon, when in dire hope of reaching the wonderful jewelry winning stage, if your eyes don't function to the right standards of good vision.

Good sight is absolutely essential if you expect to hit the target exactly as in the best sign of expertise. It is eye fatigue have your eyes thoroughly examined by the five important tests given in our paper with the only completely modern optical equipment in the Peace River district.

R. Carrell, A. H. Hotte, R. Little and A. Naashin.

J. Allen, C. Thomas and E. Carles.

F. McNaught, J. Perry, R. Perry and R. Thomas.

Snowmobiles

(Continued from Page One)

model with silver skidoo lines from propeller at extreme point red to the "J" shaped front bearing powerful spotlight and horn, which created a sensation with the many interested spectators who saw it on its first appearance in Grande Prairie last Friday night.

Another snowmobile which district residents have all seen on its first trip since it was first built two years ago, in all parts of the southern Peace bringing in six people to the Grande Prairie Municipal Hospital, on the roads must cover the roads of the work as well that of G. H. Bishop, head mechanic of the Grande Prairie Garage, has travelled about 1,500 miles since its initial trip this winter on January 28.

The snowmobile was fitted with a double set of tires of the double sets of rear wheels, giving it extra traction and plenty of power to cover the roads of high drifts. One of the greatest features of this model A Ford, driven by Reg. McNair, who helped to build it, is that it will travel easily under varied loads, said Mr. Bishop, it has carried a ton load in the large cab body only a few days ago.

Its service is obviously deserving of high appreciation, having been placed in such frequent use by the many sick people to the Municipal Hospital. It made the trip to Valhalla and back in two hours to bring back a sick lady one day last week.

Mr. McNair's snowmobile made fast time on its maiden voyage to Sturgeon Lake Monday to bring Maestrata A. E. Chiswick, a Ford, engine, back north the rear seat of the low-slant modern automobile interior, starts the propeller at the touch of a self-starter at the driver's controls. Aeroplane tubing completely covered with aluminum frame, the top and floor being reinforced with steel plates, the half-ton machine seating six adults.

Regular car seats comfortably take four to five passengers in the roomy interior. Mr. McNair made models to cast the propeller and other parts of aluminum and fitted with self-sealing rods, to shield the propeller which speeds the trim-slooting, craft easily at speeds of 30 to 40 miles per hour. He is now making a mold to cast a three-bladed propeller which will give greater speed with slower engine speed. A powerful spotlight in the front and two small lights on each side of the propeller furnish good visibility and safety for night travelling.

Party From Bay Tree Visitors To Grande Prairie

The following from the Bay Tree country are visitors in Grande Prairie: Ole Anderson, Jack Olson, Elsie Larson and Andrew Coute. This is the first time the visitors have been in Grande Prairie for seven years and they are combining nicely business and pleasure.

In conversation with The Tribune reporter, Mr. Anderson said that the Bay Tree district is going ahead with "We have good land and good settlers. This is a combination that cannot help but win out in the long run," he declared.

Mr. Anderson said that he was a booster for the construction of the proposed Monkman Pass Highway.

RUSSELL BURGESS WINS SET OF CURLING ROCKS

Russell Burgess certainly carried a rabbit's foot in his pocket on Monday. Not only was he elected to the council but he also won a new set of curling rocks put up by the Grande Prairie Curling Club.

Twenty-six was the winning number.

REVIVAL MEETINGS BEING HELD BY SALVATION ARMY

Commandant S. Hardy and "Fighting Bob" Taylor of the Salvation Army are holding old-time revival meetings every night in the Army Citadel, Grande Prairie, commencing at 8 o'clock.

"Fighting Bob" has not only seen plenty of fighting with the Salvation Army but he also had his full share of battling overseas, being attached to the 50th Battalion. Everyone is welcome.

PROGRAMME

of the
GRANDE PRAIRIE HIGH SCHOOL CONCERT

In the
OLD CAPITAL THEATRE

Friday, February 19, commencing at 8:15 p.m.

1. O CANADA.
2. REMARKS—By Billy Russ, President of Students Council
3. OPIQUETTA—"The Costume Box." Directed by Mrs. J. M. Smart

Young girls are happily wending their way to their grandmother's to spend Saturday morning. Out of sheer good spirits they stop to sing. They are overheard by their friends who follow to see what they are up to.

The group appears next in a garret where they have come because of a shower. A mysterious-looking old trunk is discovered, and they use the lovely costumes found in it for "pretending."

Grandmother appears with cookies and struts back to the past by sight of her costumes, she tells about her childhood, and sings songs of her grandmother's day.

PLAYERS:
Suele June Thomson
Alice Kathleen Keys
Lolly Rhoda Patterson
Sally Olive Kowensky
Frances Mildred Henning
Grandmother Fern Sedore

Chorus: Ethel Miller, Audrey Smart, Betty Tiesington, Kay Smith, Dorothy Adams, Mary Thomas, Joan Ellis, Hilda Law, Helen Ellis, Joan Stewart.
Pianist: Florence Oliver.

4. ONE-ACT PLAY—"Himbo the Pirate," by Booth Tarkington.

The Captain's Secretary Charles
Driscoll Harry Newton
Brimstone Julius Aiken
Another Pirate Charlie Stojan

Make-up: Mr. C. C. Fawcett
Lighting: Mr. C. C. Putters

5. GOD HAVE THIS KING

Belloy Old-Timer

R. Gilmore, Died

Here Sunday

Robert Gilmore, an old-time resident of Belloy, who was brought to the Grande Prairie Municipal Hospital a week ago while very ill, passed away at 10:30 p.m. last Sunday at the age of 75 years.

Deceased had been in ill health for the past four years. His family he came from London, Ontario, to reside in Edmonton in 1910, answering the call of the Peace River. He lived four years later when he came to Belloy and settled on land.

The community of Belloy and the Masonic Lodge of which he was a member deeply regret the passing of an esteemed old-timer.

Surviving are his wife, two daughters, Mrs. F. Winick, of Belloy and Mrs. H. Mutch, of Spurfeld, Alta., and three sons (George and Ira at home and Cephas at Hythe).

brother, Dave Gilmore, Edmonton, also survives.

Annual Meeting Of Presbyterian Is Interesting

The annual meeting of the Presbyterian, held in St. Paul's United Church, Grande Prairie, on Wednesday, proved interesting and attractive to the large attendance.

President Mrs. L. C. Porteous occupied the chair.

The election of officers resulted as follows: Mrs. Archib. Mrs. O. Falconer, Vice-President; Mrs. O. Falconer, Secretary; Mrs. R. Hargreaves, Treasurer.

At the afternoon session, Mrs. Baxter, who brought greetings from the Ladies' Aid Society, gave a very interesting talk on the 13th Chapter of Corinthians.

Mrs. Ball of Hythe was the speaker at the evening session. Taking for her subject, "The Trip to Jerusalem," she carried her audience along with her on the interesting journey.

The following were the delegates from outside of Grande Prairie: Hythe—Mrs. Ball, Mrs. Van Volkenburgh, Mrs. Swanson, Mrs. Anderson.

Abreight—Miss Lowe, Mrs. Eastman, Wemby—Mrs. Paul, Mrs. McLean, Mrs. Archer.

Chairman—Mrs. Callister, Mrs. Miles, and Mrs. H. Hunt.

"SELL-A-STAR" CAMPAIGN TO BE PUT ON BY C.G.I.T. GROUPS

The Junior and Intermediate C.G.I.T. groups under the leadership of Miss Mary Robertson and Miss Ruth Robertson will begin a "Sell-a-Star" campaign next week.

The money raised from this campaign is used to set up camps for ten-year girls to maintain a head office at Calgary from which inspiration, literature and supplies are sent out to groups throughout the district.

Free leadership training courses for all the normal schools, and to maintain two field secretaries for girls' work and one for boys' work.

The C.G.I.T. is a Dominion-wide organization with 400 girls in Alberta alone. It asks for the support and cooperation of parents and friends.

HAPPY HELPERS MISSION BAND ENTERTAIN W. M. S.

The Happy Helpers Mission Band of twenty children will give "Isabel's Dream of the Children of the World," to entertain the W. M. S. at the Presbyterian Church next week.

Citrus Fruits In S.W. States Hit Badly By Frost

Said L. C. Porteous On Return From California In Interview With Tribune Reporter—Tourist Traffic Especially Heavy In American Coast States.

That the citrus fruit crop of the Southwest has been hard hit by frost was a statement made by L. C. Porteous, who returned from California on Tuesday last. The damage done, he said, was estimated at \$40,000,000.

Mr. Porteous went as far south as Long Beach, where he visited a sister and two brothers, and Los Angeles.

The hardware man took the train to and from Vancouver and from that point travelled by bus. He explained that he had a very good view of the country and came back on another bus trip.

Close to California was settling from 15 to 18 cents and car oil for 15 cents. Everything on the west coast seemed to be on wheels, and Mr. Porteous, who pointed out that there were millions of cars in California alone.

There was plenty of snow from Vancouver down to Portland, and return trip, said Mr. Porteous, a thousand trucks and some 5,000 men were employed to clear the streets of Portland.

Mr. Porteous travelled from Edmonton to Calgary from which he came, the temperature of which did not vary more than three degrees during the whole way.

Tourist traffic through the American West was exceptionally heavy, he remarked.

Asked what he thought of the Peace River after his trip, Mr. Porteous replied that the west coast offers many advantages from the standpoint of living, but a man wants to farm the Peace River is the only country.

Asked what he thought of the Peace River after his trip, Mr. Porteous replied that the west coast offers many advantages from the standpoint of living, but a man wants to farm the Peace River is the only country.

ACADEMY GIRLS PUT ON FINE ENTERTAINMENT

The Junior C. W. L. met at St. Joseph's Academy on Friday evening, and the usual home of the Academy group entertained their fellow members in place of Saverna Hargreaves, owing to sickness reducing their numbers.

The girls presented in their usual imitation of the March of Time, a play, the story of the late Brother Herman, a priest, who was the lovable little man who became the seminary barber and the beloved friend of the people.

The girls who were there and who offered up his life that the Pope might live, dying on January 8 last, the eve of St. Valentine's Day.

Eileen Murray portrayed Brother Andre, and Nellie O'Connell the role of Father Strimling, while Mary Campbell and Patry Meraw were the two sisters, and Bob Narrator, Alie La Valley.

This group being ultra-modern, then introduced a new play, "The Wonderful Mother of Mine," a vocal solo by Patry Meraw. "When Your Hair Has Turned to Silver" sung by Alie La Valley, with Joyce Tober as the sweet old mother, and Mary Campbell danced the Highland Fling.

After this enjoyable entertainment, the girls served coffee, sandwiches and cakes galore.
